Organizational Information:

Gender Justice is a nonprofit legal, policy, and political advocacy organization based in St. Paul, Minnesota, working in Minnesota and North Dakota to advance gender equity through the law. We fight discrimination based on sex, gender, sexual orientation, or gender identity. We represent clients directly in state and federal court and before administrative agencies in impact and strategic litigation cases. In addition to pursuing justice through the legal system, we also advocate for policies that expand gender equity and educate the public about their rights and how to fight gender-based discrimination. We employ grassroots organizing, coalition building, strategic communications, and narrative strategies to create the movement momentum and cultural conditions for gender equity to flourish. We are also the institutional home of the UnRestrict Minnesota coalition and campaign which works to protect, expand, and destigmatize access to abortion care - and all reproductive healthcare in Minnesota - through public education, advocacy, and the law.
